

**A message from OM Board Chairs
Ginny Thomas and Bill McCormack,**

The newly created "Reinventing Oakland Mills Task Force is inviting speakers in to discuss community development around Columbia and the County.

These discussion are extremely important to the task force and Oakland Mills community so that we can learn from what other villages have done/are doing. We can take away ideas and best practices and most of all learn what did and did not work so that Oakland Mills can avoid making the same mistakes.

Residents are encouraged to attend and add input and ask questions at the meetings.

We cordially invite-and encourage-all residents to attend this and future Task Force meetings. We need your ideas and your enthusiasm for OM.

**July 15, 2014 - Draft Agenda
