Trash Cans at Whiteacre/Thunder – Letter Sent 7/19/16

***Response from Nancy Tucker replied to the trash can removal letter**

From Nancy:

"Finally I spoke with Jill Ferrar at the County about the removal of these cans. In order to remove them, a red-line plan will need to be submitted and approved by the county. Since Howard Hughes built the pathway in accordance with the approved plan, we would not be willing to have the red-line prepared. However, once the pathway is dedicated, the Village Board could contract for the red-line. Toole Landscape Architects designed the pathway. That would be the easiest way to do it since they are familiar. Another option is to petition the Downtown Columbia Partnership to have the red-lined prepared since it will become responsible for maintenance."

Thanks.
