Rather than create another committee, it might be better to determine areas of concern, create a task list and then have the various individuals each take a few of the tasks and work to address them.

- Susan Lynn, RAC, indicated that she did have some changes that she would be forwarding to **Ms. Wisniewski**.
- She stated that she wanted to know what happened when a submitted exterior application is approved. Is there any follow-up? She suggested implementing a verification process. **Ms. Wisniewski** responded that she would ask the OMCA Covenant Advisors to poll other village covenant advisors to see if they have such a process.
- **Ms. Wisniewski** asked about a follow up process for a letter of compliance. **Mr. Bellamy** stated that when it is identified that a resident has not complied with the letter of compliance a follow up letter is sent if it is an egregious situation.
- **Ms. Wisniewski** stated she would ask Mr. Dudek how many letters of compliance he sent out and how many of those are compliant. She also suggested hosting a workshop for realtors about letters of compliance.
- Resident Claudia Hollywood asked if an approval for an alteration is given, is that for the lifetime of the property.

- Elinda Dennis, RAC, suggested attaching something for the resident to return to the OMCA office upon completion of the approved exterior alteration.
- **Mr. Verchinski** suggested attaching a postcard for the resident to return.
- **Mr. Edelson** suggested clarifying what residents are responsible for on their cul-de-sac and what the County and CA are responsible for. He also asked if it should be a requirement that all pools be covered when not in use. Ms. Dennis suggested checking the County regulations regarding the covering of pools.
- **Ms. Gottsagen** suggested that residents should be responsible for the items that they may have planted on the cul-de-sacs. **Ms. Cederbaum** stated that that may be hard to enforce.
- Resident Barbara Heazel suggested defining the term “similar style.” Ms. Heazel asked about Section 34.2.2; if a resident wants to turn architectural shingles back to a regular shingle. This is not addressed. Ms. Dennis stated that the RAC considers both shingles interchangeable.
- Resident Heazel asked if the old rules were being grandfathered in. She also suggested adding guidelines relating to protection from deer. She stated there are two issues: deer eating plants and male deer rubbing their antlers on trees.
- **Ms. Wisniewski** suggested a hyperlink to State/CA/County information. She stated that temporary remedies for deer prevention are not a problem, it is the permanent structures.
- Resident Marcia White was present to ask about guidelines relating to political signs. She addressed a recent situation that took place in her neighborhood of Thunder Hill. **Ms. Wisniewski** referred to an email that was sent by Sheri Fanaroff from CA legal Counsel regarding regulating political signs. Political signs are regulated by the County. Ed Marquardt is the Howard County Sign Code Inspector. A discussion regarding political signage ensued.
- **Mr. Verchinski** commended **Ms. Wisniewski**, Claudia Hollywood and the staff that worked on the revisions to the guidelines. He also stated that he hopes the discussion of signs won’t hold up furthering the guidelines.
- **Mr. Verchinski** suggested that on page 11 regarding oil storage tanks; change to read, “Exterior storage tanks will not be allowed.”
- **Mr. Verchinski** suggested that in Section 18.1.4, “doors constructed of metal or wood,” to add composite material.
- Resident Michael Smith asked in Section 42.2 and 42.4 how is the no commercial vehicles on grass enforced. **Mr. Bellamy** responded that he files a complaint with the Howard County Department of Planning and Zoning and they enforce the County regulation.
- Mr. Smith asked about commercial vehicles parked on the street. **Ms. Wisniewski** stated that the County enforces regulations regarding that. **Ms. Thomas** asked what if the commercial vehicle is parked in a cul-de-sac. **Mr. Bellamy** stated that if the commercial vehicle is blocking traffic, the County will ask that the vehicle be moved.
- Mr. Smith asked about Section 33.1 and Section 33.2. He stated that it should be removed. **Ms. Wisniewski** told the resident to call **Mr. Bellamy** if he sees a problem. A resident asked how to follow up and suggested residents will wonder why Oakland Mills does not address this issue in their guidelines. **Mr. Verchinski** suggested adding “Please call OMCA to discuss further.”
- Resident Heidi Knott asked if there was going to be anything that shows specifically what the 2017 updates are. **Ms. Wisniewski** stated she would send it to Ms. Knott.
- Ms. Knott asked if in Section 15.5, the statement that the fencing had to match preexisting adjacent fencing was too restrictive. She suggested using the word “compatible” instead of “match.”
- Ms. Knott asked regarding “Decorative Objects and Art,” what is this specific too? **Ms. Wisniewski** responded it refers back to statues and structures. Ms. Knott suggested adding the word permanent. Susan Lynn stated that something should be said regarding this issue due to some recent RAC decisions that were made.
