I only say vandalism because nobody got hurt. My house and cars were shot with a BB gun last night on Stevens Forest Rd. Two windows in my wife's car, the front windshield of my truck, and one through my 6 year old son's bed room window while he was sleeping. If anyone else on our street has damage please also report it to the police and hopefully these scumbags get caught.

July 1 caboose ct

Glass all around the playground and all over the structure. Be very careful!!  
We already reported it to CA.

my daughter rode her bike to cheer conditioning today at Oakland Mills High School. She didn't have a bike chain and lock and simply parked it in the bike rack in front of the school. I told her it should be fine to leave it there for a little over an hour. I was so wrong! She was heading out at about 6:45 pm to retrieve her bike, and was just in time to see a young boy about 10-14 riding away with it! If anyone sees an abandoned Schwinn women's purple bike such as the one pictured, please
