**Oakland Mills Community Association Testimony on the HCPSS Capital Budget and Capital Improvement Program**

Good evening and thank you for this opportunity to discuss the school system's capital budget and capital improvement program. My name is Jonathan Edelson, and I am representing the nearly 10,000 members of the Oakland Mills Community Association (OMCA).

We thank you for supporting the renovation and expansion of Oakland Mills Middle School to begin in fiscal year 2024 and the Oakland Mills High School renovation to begin in fiscal year 2026. We also thank you for recent improvements to both of the facilities as they await their more comprehensive renovations. The new track installed at OMHS this summer and the resurfaced parking lot and bus loop at OMMS did not go unnoticed. The buildings themselves still need much work, and we encourage you to stick to the timetable in the capital improvement plan and to work closely with our county and state officials to ensure funding will be in place when needed to start and complete both of these projects.

Both schools, in addition to having long-standing and deferred renovation needs, also have health and safety issues. Recent inspections have uncovered mold and high humidity in these buildings. Several plumbing fixtures have elevated levels of lead, and aging exterior surfaces present tripping hazards. These issues, along with others, are documented in the attachments I am providing with the electronic copy of this testimony.

OMCA is thankful that these conditions should not persist much longer if these two schools stay in the capital plan as scheduled and receive much-needed funding. Please stay the course and work with our county and state leadership to ensure the school system receives the funding it needs to execute the plan. Please also let us know how we can partner with you in advocating for our schools as you seek funding to begin the Oakland Mills Middle School project on time in fiscal year 2024.

Location	Last Replaced	Project Description	Year Deferred	Total Deferred Operating Cost	Total Deferred Capital Cost
Folly Quarter MS	2003	Replace admin Rooftop Unit	2017	\$200,000	
Lime Kiln MS	1999	Office rooftop unit	2015	\$220,000	
ARL	1986	Replace two Roof Top Units, RTU #1 and #10. (34 yo and leaking)		\$400,000	
Forest Ridge ES	1992	Two Boilers	2014	\$650,000	
ARL	1968	Major Heating Venilation and Air Conditioning renovation	2011		\$25,000,000
Bonnie Branch MS		Chiller			\$500,000

				OPERATING	CAPITAL

**Oakland Mills HS**  
**Year Constructed**  
**Last Year Renovated**

**1973**

Total Deferred Operating      \$21,700  
Total Deferred Capital      \$41,334,952  
Total Deferred IEQ      \$0  
Total Deferred Maintenance      \$41,356,652

Location	Last Replaced	Project Description	SHOP / Proj Mgr	Rating	Year Deferred	Total Deferred Operating Cost	Total Deferred Capital Cost	Total Deferred IEQ Cost	Consequences of not Repairing	Impact if Project is not Completed
Oakland Mills HS	1973	Major HVAC renovation needed	Construction	OSC-01a	2009		\$38,000,000		When originally deferred, this was a major HVAC renovation project; however it has been nine years since the project was deferred. Current conditions at the school now require a full renovation. It's not practical and cost effective to maintain the system any longer.	Due to the fact that the system is old, obsolete and continues to be problematic we are unable to provide a conducive-learning environment to both the students and staff.
Oakland Mills HS	1973	FLS repairs	Electrical		2009		\$141,050		Fire and life safety - PA system	PROJECT ADDED FROM GILBERT REPORT ON 040919
Oakland Mills HS	1973	Replace remaining interior & exterior doors, frames and hardware	Gen Serv	GS-02b	2009		\$850,000		The doors and frames have reached the end of their useful life. Continued minor repairs are no longer providing a short-term solution (5+ yrs). Total replacement will provide extended life to the facility and provide more security to students and staff.	Interior doors-impact staff and student safety during lockdown, Exterior doors-impact security and weatherproofing which can lead to safety and IEQ issues.
Oakland Mills HS	1973	Field Renovation	Grounds	G-07	2016	\$3,400			Playing fields are used by students, staff and the community for recreational activities before, during and after school.	The immediate impact to students, staff and the community will be potential injury as well as closure of fields due to non-regular maintenance. This would result in a loss of revenue for the school system since there are rental fees associated with playing fields.
Oakland Mills HS	1973	Repave Side parking lot	Grounds	G-14	2014	\$7,500			Repavement of parking lots allows for solid surfaces for students and staff to walk on before, during and after school hours.	Immediate impacts to students, staff and the community may include injury from tripping hazards as well as inability for people with disabilities to get to the school from the parking lot.
Oakland Mills HS	1973	Field Renovation	Grounds	G-19	2016	\$3,300			Playing fields are used by students, staff and the community for recreational activities before, during and after school.	The immediate impact to students, staff and the community will be potential injury as well as closure of fields due to non-regular maintenance. This would result in a loss of revenue for the school system since there are rental fees associated with playing fields.
Oakland Mills HS	1973	Storm drain repair	Grounds	G-70	2015	\$7,500			This repair is needed to correct a problem with the drainage structure.	Impacts proper water flow, structure stability and the environment.
Oakland Mills HS	1973	Exterior site work	Grounds		2009		\$1,094,502		Concrete, sidewalk and pathway repairs.	
Oakland Mills HS	1973	Gymnasium Floor - Recoat	Paint/Floor	PF-01m	2017	\$0			General maintenance of the gym floors will not be performed this year.	Work completed Summer 2017 (\$6,500)
Oakland Mills HS	1973	Interior finishes	Paint/Floor		2009		\$1,249,400		The flooring in the school has reached the age where industry standard says it should be replaced. Total replacement will provide extended life.	No flooring (carpet or VCT) projects will be performed in any school.
